

## **Media Release**

### **Highlights of April 18, 2023 Board Meeting**

#### **Framework for Enhancing Student Learning**

The Director of Instruction, Sandy Pond, presented on the Framework for Enhancing Student Learning.

The FESL presentation was put together to illuminate the Provincial Framework for Enhancing Student Learning. This framework is a shared commitment to improve student success and to improve the equity of student outcomes with a particular focus on Indigenous students, children and youth in care and students with disabilities and diverse abilities. The School District works through an annual cycle of consultation, collaboration and communications. The Strategic Plan developed by the Board is foundational and learning, budgets and operations all align with this document and our priorities of Equity, Truth and Reconciliation, and Mental Health Literacy. We collect different types of assessment data throughout the year to monitor improvement and student success. The Framework Survey is one piece of data we collect and this is also a way to hear our students' voices. School District data can be accessed in a number of ways as follows;

- the Annual Enhancing Student Learning Report for SD 52 is on our website under School Board/Framework for Enhancing Student Learning
- the Ministry posts our data on the <http://studentsuccess.gov.bc.ca> website
- and we will be posting the FESL presentation along with our SD 52 FESL Survey data very soon.

"The Framework document provides a strong indication of how our students feel about their learning journeys and how safe they feel in our schools", said Vice-Chair Janet Beil.

#### **Indigenous Education**

Secondary teachers, and members of the Indigenous Education Department took advantage of training for English First Peoples Courses provided by the Ministry in partnership with FNEESC in Terrace and in Vancouver.

## **Early Learning**

We are looking forward to a presentation from ECE Dual Credit students in May and the launch of before and after school care at Pineridge on May 1<sup>st</sup>. Watch for more news about Before and After School Care.

## **Policy Committee Work**

The Board of Education is seeking input from partner groups on the new policy:

5240 – Childcare Policy
